Famous College President.

Rev. Erastus Rowley Made Well by Paine's Celery Compound.

As the school year opens, attention is directed to the oft-repeated advice of leading educators, warning teachers, parents and scholars against the fearful results of exhaustive brain work among the young people.

To thousands of girls and boys, unnerved by the strain of school life, Paine's celery compound, (which was first prescribed by America's greatest teacher, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college) has been a blessing, making them well and strong, feeding the brain and nerves and enriching and purifying the blood.

The recent recommendation of Paine's celery compound by Principal Camp of New Haven and the equally outspoken praise of this greatest of remedies by ex-President Cook of the National Teachers' association are two of the thousands of such testimonials from parents and teachers throughout the country.

Nothing in the world so strengthens the weak, so readily restores lost nerve force, so surely makes the ailing and peevish young woman or growing boy well and cheerful.

And for the aged and infirm the whole world knows its wonderful curative powers. Rev. Erastus Rowley, president of the famous Kentucky Female college, writing the proprietors of Paine's celery compound, says: "I was for several years a sick man. My sickness was attended with constipation, with nervousness and insomnia, and the least excitement would cause palpitation of the heart. I have in the last three or four years used several widely advertised preparations. Finally I took Paine's celery compound and I regard it as superior to all others, especially if used strictly as you direct. By using this I do not suffer from constipation, inability to sleep, or from palpitation of the heart as formerly. I am still using Paine's celery compound at times, and shall take pleasure in recommending it to others."

I advertised in this space to buy both wheat and cotton at these low prices. I NOW SAY BUY MEN'S PORK UNDER \$10 PER BBL AND YOU WILL MAKE FROM \$2 to \$5 PER BBL PROFIT. The average price of Pork is \$15 per bbl. 10 years past. Write for particulars. All business transacted over private wires with old, responsible, reliable, regular Houses.
